

LYONS

STORE FIXTURES

*The Source for
Checkstands, Counter Systems
& Custom Retail Fixtures*

For more than 60 years, Lyons Store Fixtures has provided custom fixture solutions to a wide range of retailers, including grocery stores and convenience stores. Lyons works with all sizes of retailers from single stores to large chains.

As one of the premier manufacturers and suppliers of quality store fixtures and related accessories in North America, Lyons Store Fixtures provides comprehensive services in the expert design, prototyping and manufacturing of a wide variety of store fixtures. With an extensive inventory of belted and non-belted checkouts, customer service counters, custom metal cabinets and specialty displays, Lyons offers retail fixture solutions for businesses of every size.

Retail Stores

With a wide variety of checkout counters, service counters and service desks available, Lyons Store Fixtures can provide you with the exact requirements for your retail store. All of our products feature heavy-duty welded construction for durability and longevity. Laminate countertops are available in a variety of colors to match your store's décor and branding. Many options are available for customization, including monitor stands, aisle close-offs and keyboard tray holders.

Grocery Stores

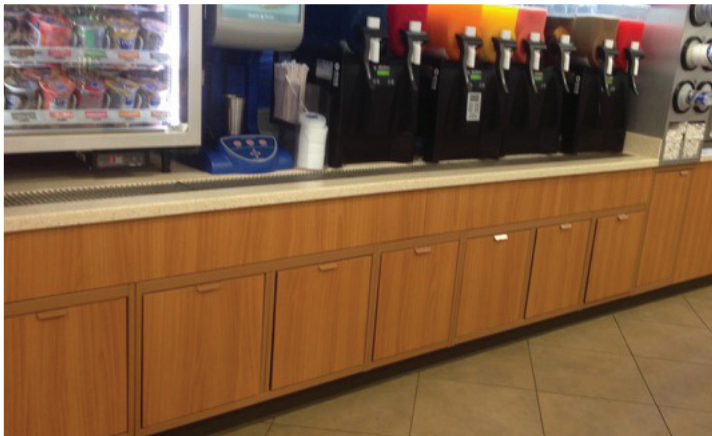

Lyons Store Fixtures has been providing grocery stores and supermarkets throughout North America with high-quality checkstands and store fixtures for many years. In addition to standard models, the Lyons design team can work together with you to develop a custom fixture or checkstand best suited for your store environment. Our product lines include belted modular checkout systems with a variety of configurations and options, as well as pedestal-style ergonomic space-saving models.

Convenience Stores

Lyons is bringing its years of experience to the convenience store industry, offering high-quality, durable and attractive checkouts, counters and cabinets designed especially for gas station and convenience stores.

Our complete line of products for c-stores and quick-serve environments includes tobacco displays and merchandisers, storage and food prep cabinets, trash cabinets, shelving systems, and modular beverage and food counters (including straight and L-shaped) which can be customized to meet your needs.

With so many options available, you'll find just the right solution to fit your store design and budget. Our in-house design team will be happy to work with you to assist with store layouts, and we will be with you every step of the way during installation too!

Design Services

With full design, engineering and product development teams on board, Lyons has the experience and knowledge to design and manufacture virtually any type of retail fixture, including checkstands, counters and specialty fixtures.

Our 200,000 square foot facility in Louisville, Kentucky houses state-of-the art machinery and support systems, allowing us to design, fabricate, assemble, package and ship completely custom fixture products to meet diverse customer requirements.

Custom Checkouts & Cabinets

Lyons Store Fixtures custom retail counters are designed to meet each retailer's specific requirements. We consider every unique detail of the counter during development, including size, material, color, and electrical equipment specifications. All of Lyons retail fixtures and merchandising displays can be manufactured in custom colors and materials (including wood and metal) to complement and support your store branding and meet your specific needs.

From cigarette displays to coffee counters to poster displays, Lyons Store Fixtures has the experience and knowledge to provide customers with specialty solutions that address the most difficult retail fixture challenges. Here are just a few examples of specialty fixtures which have been developed for our customers.

Component Manufacturing

Our experienced team of designers, engineers and project managers works with customers from design and engineering to prototyping to construction, bringing their projects to reality. Using a wide variety of materials including laminate, steel, aluminum, acrylic and wood, we can supply any custom component you might need for cabinetry and commercial furniture and fixtures including cashwraps, checkout counters, POP displays, gondolas, racks and shelving, and kiosks.
